Flood Awareness and Preparedness

TRANSLATED ASSETS

SEPTEMBER 2024

Australian Government

**Flood, Storm and Tsunami: awareness and preparedness
for NSW Culturally and Linguistically Diverse Communities Project**

Jointly funded under the Australian Government – NSW Government National Partnership Agreement on Disaster Risk Reduction.

INTRODUCTION

The New South Wales State Emergency Service (NSW SES) is committed to ensuring risk awareness and risk preparedness information on flood, storm and tsunami is available to all communities of NSW, including multicultural communities.

As part of this commitment, we have created an extensive collection of translated resources in multiple languages to ensure that residents from culturally and linguistically diverse backgrounds are aware and informed of their hazard risks so they can take steps to mitigate them.

As a key stakeholder, you are receiving this stakeholder pack because of your connection and commitment to your communities. This pack includes translated communications material on flood awareness and preparedness in 15 languages.

We encourage you to share these resources across your networks, so your communities are informed about their flood risk and are equipped with the necessary information to make safe decisions and take appropriate action.

WHAT YOU CAN DO TO HELP

This stakeholder pack was developed for key stakeholders to share the free support, guidance and resources available for culturally and linguistically diverse (CALD) communities.

You can help by:

- Sharing the assets from this stakeholder pack with your community in-person or via social media and digital platforms.
- Directing people to www.ses.nsw.gov.au for more information and program updates, and www.ses.nsw.gov.au/languages for resources in language.

Know your flood risk

Find out about your flood risk

- Contact your council for localised information about your flood risk.
- Contact your local NSW SES Unit for localised flood information.
- Talk to your neighbours and to residents who have lived, worked or visited the area for a long time for historical flood information.
- Research the height your home, business or property may be affected by flood.
- Ensure that you have the right insurance policy to cover flood damage for your home and property.

Be aware of the impacts of flood

 Damage to your home, business or property	 Loss of power and water supply	 Loss of communication connections
 Damage to sewage systems	 Floodwater over roads, bridges and places you visit	 Isolation. Even if your property is not flooded, you could be surrounded by floodwater.

Know what to do and where to go

 Plan to leave early.	 Share your emergency plan with family, neighbours and colleagues and review it regularly.	 Plan safe routes of travel for different road closure scenarios.

SES
NSW STATE EMERGENCY SERVICE

Prepare for flood

Know the Warnings

- Look and listen for flood and weather warnings from the NSW SES and the Bureau of Meteorology.
- Monitor the natural signs of flooding, including heavy rainfall, rushing or pooling water. Act early. You may not get a warning from the NSW SES.
- The NSW SES will issue an **Advice, Watch and Act** or **Emergency Warning**. The level of warning is dependent on the impact and expected consequences of the flood.

Follow your Emergency Plan

- Follow the emergency plans for your home, business and property.
- Follow your plan for all people and animals in your care.
- Prepare your emergency kit in case you need to leave.

Pack your 'last-minute items' into your emergency kit:

- A good supply of required medications
- Any specific requirements and supplies for babies, disabled people, infirmed and elderly people
- Appropriate clothing and footwear
- Fresh food and drinking water

Before you leave

Turn off gas, electricity and water before you leave.

Take your emergency kit.

In life threatening situations call **Triple Zero (000)**

For emergency help in flood, storm and tsunami, call the **NSW SES on 132 500.**
